## **Imagination Station and Marco's Pizza Team Up to Celebrate Pi Day**

TOLEDO, Ohio – – Understanding pi is as easy as counting to one, two, 3.1415926... This infinite mathematical constant is among the most recognizable mind-boggling numbers – it even has its own holiday!

Thursday, March 14 or 3.14 is Pi Day and Imagination Station has partnered with Marco's Pizza to celebrate the ratio between a circle's diameter and circumference with a special one-day promotion.

Science center supporters who make a donation of \$31.41 or more on Pi Day will receive a coupon for a free, one-topping pizza from Marco's Pizza.

"Science, technology, engineering and math are such a big part of day-to-day life, but we don't always stop to consider how STEM concepts influence our lives," said Shawn Chowdhary, Vice President of Administration, Marco's Pizza Inc. "Marco's Pizza believes in teachable moments, and celebrating Pi Day with Imagination Station is a fun way to help families make a connection between their pizza and science."

Donations may be made online at [www.imaginationstationtoledo.org/pi-day](http://www.imaginationstationtoledo.org/pi-day) or by calling 419.214.9110.

Imagination Station provides a critical layer of science enrichment by serving as an educational partner for teachers, schools and parents. It's with a thoughtful blend of exhibits, experiences, education and excitement that Imagination Station inspires visitors to pursue STEM careers in Northwest Ohio.

**WHAT:** **Imagination Station and Marco's Pizza Pi Day Promotion**  
Science center supports who make a donation of \$31.41 or more will receive a coupon for a free pizza from Marco's Pizza.
