Meet Captain Marvel and her Friends at Imagination Station

TOLEDO, Ohio – Science and superheroes go together like courage and valor, and Imagination Station will be the place to be for *Avengers* fans on Saturday, April 27. From 1 – 4pm Captain Marvel and her friends will be on hand to meet science center visitors.

- An explosion resulting in the introduction of new DNA gives this superhero amazing stamina, strength, agility and power, making her one of the mightiest heroes. Captain Marvel made her big screen debut this year and is now making her first Imagination Station appearance.
- This genius inventor developed armor that provides super-strength, data and communications capabilities, defense technology, and life support systems that helped him become the beloved high-flying hero, Iron Man.
- When a teen visiting a science fair is bitten by a radioactive arachnid, he develops superhuman strength, speed and agility, and a sixth sense that alerts him to danger – visitors won't want to miss the chance to meet Marvel's flagship character, Spider-Man!

Aspiring heroes can design and make their own superhero mask in the Tinkering Space, then step into the photo booth for a photo with Spider-Man, Iron Man and Captain Marvel. The superhero meet and greet and mask making are included in science center admission.

All Lucas County residents receive a \$2 discount and FREE Saturday admission for kids, 12 and under with paid adult admission, limit two children per adult. For more information, please call 419.244.2674 or visit www.imaginationstationtoledo.org.

Imagination Station provides a critical layer of science enrichment by serving as an educational partner for teachers, schools and parents. It's with a thoughtful blend of exhibits, experiences, education and excitement that Imagination Station inspires visitors to pursue STEM careers in Northwest Ohio.
