Sample some science at Imagination Station's Science on Tap!

TOLEDO, Ohio – Science is everywhere – even in a glass of your favorite brew. Imagination Station invites guests to explore fermentation and consider how science is all around us at Science on Tap! The after-hours, 21+ event will be held at the science center from 6 – 9pm on Thursday, June 13.

Beer-lovers and science enthusiasts will explore fermentation science with Lourdes University while sampling local craft beers from Earnest Brew Works, Inside the Five Brewing Company, Maumee Bay Brewing Company, Patron Saints Brewing and Wild Side Brewing Company.

Visitors can also try their hand at the unique sport of axe throwing with Axe419, explore the hundreds of hands-on exhibits at the science center and dance the night away with Old State Line.

Admission includes five beer samples, light snacks and all activities. Food will be available for purchase from area food trucks, including Lyle's Crepes, Red Eye Pie and Smashdawgz.

Advance tickets are \$25 each and may be purchased online at imaginationstationtoledo.org. At-the-door pricing is \$30 for Imagination Station Members and \$35 for Non-members.

Proceeds from the event support the science center's mission of providing informal science education opportunities for learners of all ages in our community. Science on Tap! is sponsored by Maumee Bay Brewing Company.

WHAT: **Science on Tap!**

WHEN: **Thursday, June 13
6 – 9pm**

Science on Tap! is for adults, ages 21 and older with proper ID. Those wishing to participate in axe throwing must wear closed toe shoes. This is a rain or shine event.
