Imagination Station's June Summer Camp Goes Virtual!

TOLEDO, Ohio - This summer, Imagination Station is bringing summer camp to you! Kids ages 6-13 will experience a week filled with exploration and discovery through a new, virtual camp session that's sure to challenge and expand growing minds. Get ready for a unique experience that will inspire creativity and spark a passion for the sciences.

NEW! Design it - VIRTUAL

Staying home has never been so fun! Campers explore the engineering design process as they solve design challenges about animals, transportation (on Earth!), space travel and so much more! Campers will begin their day interacting virtually with each other and Imagination Station's camp counselors for 90-minutes before diving headfirst into their daily design.

Each week-long, fun-filled, science-stuffed camp is \$75 per child. Join Imagination Station as we try something new that promises to deliver unique experiences and unforgettable memories.

Virtual campers will receive online instruction from 9:30 to 11:00am, a daily design challenge and passes for a future visit to Imagination Station. Visit imaginationstationtoledo.org for more information and to register.

What: Imagination Station Virtual Summer Camp

When: June 8 - 12

June 15 - 19

June 22 - 26

June 29 - July 3
