## **Discover the Wonders of Water at Imagination Station**

TOLEDO, Ohio – Water is one of our most precious resources. It is critically important to sustaining life, aids commerce and provides endless opportunities for recreation. On Saturday, August 3, Imagination Station invites visitors to dive in and learn more about the Great Lakes, the water cycle and how we can protect our water for future generations.

This family-friendly event features water-related challenges, games and activities, plus valuable opportunities to learn all about our water from area experts. Visitors will explore how freshwater travels from waterways to drinking fountains, learn about the people who study our water's health and even discover some of the creatures that lurk beneath the surface of the Great Lakes.

Imagination Station is proud to partner with the following organizations for this event:

- Bowling Green State University
- Metroparks Toledo
- National Oceanic and Atmospheric Administration Phytoplankton Monitoring Network
- Ohio Department of Natural Resources Division of Wildlife
- Ohio Environmental Protection Agency
- Ohio Sea Grant/Stone Lab
- Sandpiper Tours
- Sylvania STEM Center
- Toledo Arts Commission
- Toledo Museum of Art
- Toledo Waterways Initiative
- University of Toledo Lake Erie Center
- and more!

All Wonders of Water activities are included in science center admission. All Lucas County residents receive a \$2 discount and free Saturday admission for kids 12 and under with paid adult admission, limit two children per adult.

Imagination Station provides a critical layer of science enrichment by serving as an educational partner for teachers, schools and parents. It's with a thoughtful blend of exhibits, experiences, education and excitement that Imagination Station inspires visitors to pursue STEM careers in Northwest Ohio.
